12 Plaintiff,

**PROPOSED COMPLEX CASE**  
**SCHEDULE PURSUANT**  
**TO LCR 16-1(a)**

13 vs.

14 OMAR BUTT, *et al.*

15  
16 Defendants.

17  
18 Pursuant to Local Rule 16-1(a)(1) and (2), counsel for the United States, Daniel G. Bogden  
19 United States Attorney, and Assistant United States Attorneys, Kimberly M. Frayn and Andrew W.  
20 Duncan; and Michael W. Sanft, Esq., Counsel for Omar Butt; Daniel J. Albregts, Esq., Local  
21 Counsel for Billy Steffey; Mark Reichel, Esq., Counsel for Billy Steffey; James Hartsell, Esq.,  
22 Counsel for Derek Carder; and Karen A. Connolly, Esq., Counsel for Herbert Morrell, respectfully  
23 submit this proposed Complex Case Schedule, requesting that this Court set a trial date and enter an  
24 Order "fixing the schedule for discovery and pretrial motions." ( LCR 16-1(a)(1)–(a)(4)).

25 1. The Indictment in this case was returned by a federal Grand Jury seated in Las Vegas,  
26 Nevada, on March 13, 2012. (Doc. No. 1).

27 2. Defendants Omar Butt, Billy Steffey, Derek Carder; and Herbert Morrell have all

1 been arraigned and entered pleas of Not Guilty in this District. The Court set a trial date of May 21,  
2 2012, and joined the defendants for trial. This Court should find, however, that under the law and  
3 circumstances of this case, this case is complex and an appropriate complex case schedule is  
4 warranted.

5       3.     The case presents complex and novel issues of fact and law in that the Indictment  
6 charges the defendants with confederating and conspiring with members and associates of a highly  
7 sophisticated international cybercrime racketeering enterprise, known as the Carder.su organization,  
8 which engages in large scale trafficking of compromised credit card account data and counterfeit  
9 instruments, such as counterfeit identification documents and counterfeit credit cards, as well as  
10 money laundering and various types of computer crimes, including intrusion and hacking.(Doc.  
11 No.1). As of March 7, 2012, the Carder.su organization boasted a membership of seven thousand  
12 eight hundred and eighty (7,880).

13       4.     Given vastness of the Carder.su organization, the pattern of prolific criminal activity  
14     allegedly committed by its international membership in furtherance of the enterprise, and the fact that  
15     the organization has been operational since on or about November 22, 2005, the government  
16     estimates that the victims in this case, along with the companion cases 2:12-CR-00084-JCM-GWF  
17     and 2:12-CR-00004-JCM-GWF, number in the millions. The government also estimates that the  
18     financial harm allegedly engendered by this organization easily exceeds 20 million dollars, and may  
19     even exceed 500 million dollars. The government's investigation into the full scope of the financial  
20     harm caused by the organization remains ongoing.

21       5.      Discovery materials in this matter are voluminous and will be tracked, in part, by  
22 metadata, not solely by bates numbers. Counsel for the defendants will each be provided with  
23 computer hard drives containing the bulk of the discovery materials. Counsel for the defendants will  
24 need appropriate time to review the voluminous amount of discovery materials, conduct any  
25 necessary follow up investigation, as well as , research, prepare, and file any pretrial motions practice  
26 that counsel deems necessary.

## **PROPOSED COMPLEX CASE SCHEDULE**

28 6. On or by May 4, 2012, the government will provide discovery in this case that

1 involves production of evidence under Fed. R. Crim. P. 16; that is, a computer hard drive containing  
2 the bulk of the discovery materials. The government will not produce the statements of any witness  
3 or concomitant impeachment evidence (Giglio) obtained by the government in the course of the  
4 federal investigation. On or by June 8, 2012, the government will provide electronic images and  
5 forensic exam reports for any electronic devices seized from the defendants, both during the March  
6 2012 nationwide arrest sweep, and any images obtained from the defendants during the course of the  
7 investigation, which have not been previously produced on the hard drive. On or by July 9, 2012,  
8 the government shall make available for defense counsel's review the physical evidence seized  
9 during the March 2012 nationwide arrest sweep, and any other physical evidence obtained from the  
10 defendants during the course of the investigation. The physical evidence seized during the March  
11 2012 arrest sweep is presently in transit from the federal districts in which it was seized to the  
12 District of Nevada, and will ultimately be maintained in the United States Secret Service's evidence  
13 vault in Las Vegas, Nevada.

14 7. Considering the schedule, below, the parties request a trial date no earlier than  
15 February 25, 2013.

## PROPOSED COMPLEX CASE SCHEDULE

17 | Accordingly, the parties further agree as follows:

18 8. The government will begin production of Rule 16 discovery on or by May 4, 2012.  
19 The government shall continue to meet its obligation to disclose and provide the following:

## I. The Initial Discovery Phase.

21 a. all statements, documents, and objects, including audio and video recordings,  
22 required to be disclosed under Federal Criminal Rules of Procedure  
23 16(a)(1)(A)-(F).

24 b. all search warrants, orders authorizing the interception of wire, oral or  
25 electronic communications, and supporting affidavits, that relate to evidence  
26 that may be offered at trial.

27 c. all officers reports, forensic evidence reports and any information required  
28 under Kyles v. Whitley, 514 U.S. 419 (1995), with the exception of witness

1 statements as defined at 18 U.S.C. § 3500 and any impeachment information  
2 relative to that witness.

3 **II. The Second Discovery Phase**

4 The parties propose that NO LATER THAN 30 DAYS BEFORE TRIAL:

5 a. Defendants will comply with their obligation to provide reciprocal discovery  
6 and provide all documents, objects and reports of examination required under  
7 Federal Rule of Criminal Procedure 16(b)(1)(A) and (B).

8 **III. The Third Discovery Phase**

9 The parties propose that NO LATER THAN 14 DAYS BEFORE TRIAL:

10 a. the parties will disclose any summaries, charts or calculations that will be  
11 offered in their respective case-in-chief at trial;  
12 b. the parties will identify recordings, transcripts of recordings, or portions  
13 thereof, that will be offered in their respective case-in-chief at trial.  
14 c. the government will provide any evidence of similar acts, as provided by Fed.  
15 R. Crim. P. 404(b), that it intends on introducing at trial.  
16 d. the government will provide to defendant the statements of each witness that  
17 the government intends on calling in its case-in-chief, including any  
18 impeachment (Giglio) information, unless the government files a motion for a  
19 protective order.

20 **9. The Discovery Motions Schedule To Resolve Any Discovery Disputes.**

21 The parties acknowledge a duty to make good faith efforts to meet and confer with each other  
22 to resolve informally any dispute over the scope, manner and method of disclosures before seeking  
23 relief from the Court. A breach of the duty to meet and confer, by either party, may serve as a basis  
24 to grant or deny any subsequent motion for appropriate relief made before the Court.

25 10. The defendants jointly request, and the government does not oppose, that the trial date  
26 and the date for pretrial motions be vacated in order to provide them more time to review discovery  
27 and prepare for trial as follows:

28 a. that the date for pretrial motions should be set for October 15, 2012;

- b. that the date for responses to pretrial motions should be set for November 12, 2012;
- c. that the date for replies to pretrial motion responses should be set for December 3, 2012;
- d. that the date for trial should be continued for approximately nine months from the initial May 21, 2012 trial setting. Trial should be set on or after February 25, 2013, and the date for calendar call should be set prior to the trial setting, each at times convenient to the court;
- e. that all time from the date of the arraignment and plea until such time as the Court shall rule otherwise should be excluded for the purposes of speedy trial under Title 18, United States Code, Sections 3161(h)(7)(A) and (h)(7)(B)(I) and (ii).

11. Supplemental Motions.

14 The parties agree that any supplemental motion can be filed upon a showing of good cause  
15 as determined by the Court. These motions shall be based on issued unforeseen to the parties at the  
16 time this agreement was filed.

17 WHEREFORE, the government respectfully request that the Court grant this Motion and
